

Everyone in BC has rights, but do you know that **children and youth** have a **special set of rights**?

We don't mean the right to the latest toy, we mean the right to basic things that make kids **healthy, safe, heard,** and **prepared** for the future.

Everyone can do something to support the rights of young people. Even simple things can make a big difference.

Find out how at **everychild.ca**

rights...

every child & youth has them
